Our mission is to help quality spirits rise above the competition by directly influencing consumer opinion and purchasing decisions. We created this guide to help you leverage the prestige, recognition, and trust associated with the SIP Awards brand.

BRAND TONE

The tone for copy should be professional, straightforward, friendly, and positive.

Write as if you're sharing the good news with an important stakeholder because you are.

Your post may reach consumers, distributors, and retailers. Thus, the tone of your copy should be calibrated to make a positive impression on all parties.

On social media, we suggest a lighter approach that is more conversational.

To maintain the gravity of your SIP Award, emojis should be used judiciously.
